

DEATH REHEARSAL 8:30 prompt start

Some strange things have been happening to some members of the Mudeford Club choir.

SUE PRANO walks with a limp, **BARRY TONE** is still rubbing in the cream and **IVOR REES** has to wear a wig.

The choir master **IVOR BATON** thought the choir were not ready for their first performance so he had called an extra rehearsal. He started his career as a drama teacher then became a choir master.

At 8.00pm **IVOR BATON** was found dead in the backstage office of the theatre but no murder weapon was found. He had been murdered – which is just as well as this is a murder mystery !!

The six suspects for the murder of **IVOR BATON** are

1. **SUE PRANO** has a very high opinion of herself
2. **IVOR REES** is the pianist who also performs tricks
3. **LUCY LASTIC** is well named !
4. **CONNIE**, known as '**CON**' **TRALTO** was desperate
5. **BARRY TONE** is very sensitive so treat him gently
6. **DES CANT** is not as good as he makes out

There is only one killer and only the killer will lie.
